

February, 2013

Dear Parents,

February is the month of friendship and love, red hearts, valentines and special cards made for special people.

As February got off to a start, the children had fun making some fun Valentine art projects. Not only have we been learning how to make many different kinds of animals out of hearts, we have also been talking about the importance of caring and sharing. During circle time the children were asked what "Love" meant to them. It was definitely a heart warming week, as well as, the building up of self-esteem.

We continued learning our Alphabet letters as "Mr. G" with his goeey gum introduced us to the letter "Gg." We had lots of fun learning words that begin with the letter "Gg" as we glued them inside a "Green Garage." The children also enjoyed making grapes, as they learned about the number 13. The children had to then glue 13 grapes onto their vines. Last week the children were introduced to "Ms.T" with her tall teeth. We had lots of fun creating our very own special Turtles and glued "Tt" words inside a "T-pee." This week "Ms.S" with her super socks introduced us to the letter "Ss." We have enjoyed cutting our "S's" which we glued stars onto, as well as sound out "Ss" words and put them into a suitcase. The number 14 was introduced as the children had to count out and color 14 strawberries.

The following religion lessons have been covered since our previous newsletter. "God Made Air," "God Made Light," "God Made Color," and "God Made Weather."

I hope that all of you have a very Happy Valentine's Day. As always, if you have any questions or concerns, please do not hesitate to contact me.

Sincerely,
Mrs. Sebastiani
