

A Peek at our Week

- *Just a reminder that there is no school next Friday*

We have been enjoying Dr. Seuss week and celebrating his birthday as well! We read a Dr. Seuss story every day this week and then played Dr. Seuss Jeopardy today to practice our listening and comprehension skills. We also made green eggs and ham for snack....ask your child what they thought of it☺!

We continue to work on the "short O" sound and we learned our first word family for that vowel sound....the "OG" word family. Please practice the slip-in-slide that was sent home. Our next sight word that we will be learning is "YOU", please add it to your list of words.

In Math we have been working on separating groups into two equal groups. We took our Chapter test today!

In Religion we are discussing "The Holy Family" and how they are just like our own family. We continue to discuss LENT and how we should be preparing our hearts for Easter.

In Science we are learning about magnets...objects that are magnetic and non magnetic.

Have a wonderful weekend!!!
