

# A Peek at our Week

*I will be assisting with Kindergarten screening Tuesday, Wednesday, and Thursday of next week and Monday of the following week. Mrs. Gordon will be with the children those days.*

The children are really progressing with all pre reading skills such as letter recognition and sounds, rhyming, segmenting, and blending of those sounds. Thank you for all of your hard work at home. I am pleased with how well they are reading the little readables that we send home. I hope they are keeping the books in a safe place, so that they can read them at any time. We worked on comprehension skills this week, as well as a review of the "F" and "C" sounds. We practiced sight words daily and blending of short "O" words.

In Math we are learning different ways to represent certain numbers. For example...2 red counters and 1 yellow counter make 3; 2 red counters and 2 yellow counters make 4 etc... During our Morning Meeting (which we do first thing in the morning), we have started to do a

daily number sentence (2 plus 1 equals 3 etc...) they are doing great! PLEASE HAVE YOUR CHILD PRACTICE WRITING NUMBERS 1-30 CORRECTLY AND RETURN IT TO SCHOOL ON MONDAY....THANK YOU.

In Religion we are learning about The Holy Family and how they are just like our family.

In Science we are discussing SPRING and the Four Seasons.

Enjoy the nice long weekend!!
