Three Year Old Class

Mrs. Meister

March 2013

Springtime is arriving and we are busy with many activities this month. We continue to focus on our listening comprehension skills, fine motor skills and large motor skills. It's exciting to watch the progress and growth that the children have experienced this school year.

We will be very busy learning new songs, finger-plays and creative movements. Watch for our hands-on related crafts that will be coming home. The children are always happy and proud to display their artwork.

On Thursday, March 14th, our class will celebrate St. Patrick's Day with a variety of activities. We also will enjoy special Holiday snacks.

Our Easter program will be on Tuesday, March 26th.

Information will be coming home soon. We will celebrate in class with our Bunny

Brunch after the program. A sign-up sheet will be posted on the bulletin board outside the classroom for anyone wishing to contribute an item for our Bunny Brunch. As always, we are most appreciative and thankful to our parents for support and generous giving.

Our classroom computer is a favorite.

We have learned the importance of "taking turns" to share our computer. Creative arts skills, discrimination skills and sequencing skills are just a few of the featured lessons.
