

March, 2015

Dear Parents,

The month of March brings shamrocks, leprechauns and a time of seasonal change. The last snow melts away as signs of Spring appear. Warm winds blow, trees and flowers begin to bud and blossom and the first day of Spring finally arrives. All of this and more is the excitement of March!!!

As March got off to a start, we began our Lenten journey. Every Tuesday at 9:00 a.m./1:00p.m. we all gather in the Atrium for a special prayer led by a different teacher each week.

The children have continued learning their Alphabet Letters. We added the letter "Ss" to our Alphabet Book and had fun gluing stars onto our "Ss" page. The children were then introduced to the letter "Rr", as we practiced our cutting skills. We cut out a red rectangle and then glued it onto our page. Last week we added "Zz" to our Alphabet Book and enjoyed making zebras. We have been reviewing our colors and shapes by playing a fun shamrock game where we have to match up the correct colors to the correct shape. We have also continued learning our numbers. Since our previous newsletter we have learned numbers 6,7 and 8. Please continue to reinforce these numbers at home.

The following religion lessons have been covered since our previous newsletter. "I Can Pray," "I Can Sing," "I Can Laugh," and "I Can Celebrate."

St. Patrick's Day is coming soon. We will enjoy making green shamrock milkshakes, as we continue to keep our eyes and ears open for Louie the Leprechaun. He has been known to visit our school. Who knows, maybe he will even join us for our party!!!

Take Care and Have a Happy
St. Patrick's Day

Sincerely,
Mrs. Sebastiani
