

# A Peek at our Week

## Mrs. Gilson's Kindergarten Class

*We are getting so excited for our field trip to Whitehouse next week! We are still missing a few permission slips; if you have not returned yours, please do so on MONDAY.*

*The children are nicely settling into a routine and are adjusting to the all day schedule. Lunch is always a time of experimenting to see what they bring back home and what they actually eat; we encourage them to eat as much as they can. Hot lunch is going well, however we will inform you if your child is not eating what you purchased.*

Our story in reading this week was "PLAIDYPUS LOST". Our main skill was sequencing and our focal letters were O,P,Q,R and S. We continued with sight words **AM** and **I** and the children were introduced to two new words...**THE** and **LITTLE**. Next week we will continue to work on these same sight words! Just a reminder to please practice these words at home; flashcards are great! We are learning all about sentences and what a sentence is. We practice our periods and questions marks at the end.....they're doing great! We will finish up "Spotlight Name" in the next few weeks. It's so fun to hear them say.....Oh yea I remember, "S" sounds like SSSophia☺!!

In Math we continue to work on numbers 1-5. We reviewed greater than, less than and equal to and we problem solved to see how many objects put together will make each of these numbers. We are learning that each numbers has a number word and we practiced correct formation. Please practice at home!

In Science we continue with APPLES and in Religion we listened to our first Bible story.....Noah's Ark. We have been discussing this all week and had fun making our own ark☺.
