

A Peek at our Week

Oct. 26, 2015

Mrs. Gilson's Kindergarten Class

Please take note of the Halloween information that was sent home from the office. Just a reminder; that the children should arrive in costume for the party. The children did an awesome job at our Grandparents/Special Persons Program. It was so nice to see so many visitors.

Our Reading story for the week was Armadillo's Orange and our focal skill was "setting of the story". We also focused on letter S and we reviewed the popcorn words HAVE and IS. We continued work on the AM and AT word families. We will learn three new sight words next week.... **WE, MY and LIKE.**

In Math, we finished up our unit on patterning and will start "numbers to 10" which will include tally marks, formation of numbers 6 to 10, even and odd numbers, counting back and number line usage.

In Science we are discussing SPIDERS and in Religion we are learning about the importance of caring for others.
