

Hi Parents,

I hope your Children are enjoying the first two weeks of school, as we are! During the first few weeks the children are still getting use to the classroom, as well as Mrs. Loney and myself. Some of the children are having a harder time than others please don't be discouraged some children just take a little more time to transition.

Just a few notes to make drop off and pick up a little easier please help your child put snack in the basket and hang book bag up if they are still a bit confused, trust me in a few weeks you won't even have to walk in with your child. Snacks are to be put in a small paper or plastic bag with the child's names on them, please one snack only, we supply the juice, milk or water. Please check your child's folders daily there is usually something important in the folders and parents need to be informed. Thank you so much for picking up candy promptly, if you did not receive candy to sell please let Mrs. Loney or I know we will get you your box.

The first week we discussed School, Friends and Families the children made their family trees as they counted the number of people who live in their house with them. We will also use the trees to make graphs after we take them off of display. They also made a self portrait of themselves on the first day of school. The next two weeks we will be covering learning standards by reading different fairy tales and aligning them with Math, language Arts and creativity. When reading Little Red riding hood we will be discussing stranger dangers. I'm looking forward to displaying our fairy tales on our outside wall in the next two weeks!!!

Birthday treats are welcome in our class please no peanuts we do have a few peanut allergies.

Next Monday and Tuesday is Yellow Day please have your child wear yellow that day.

It has been a great start this year and I look forward to this year watching each of your Children learn and grow. Remember if you have any questions or concerns don't hesitate to text, E-mail or call me!!!

Sincerely

Mrs. Romeo
