

A Peek at Our Week

Mrs. Gilson's Kindergarten Class

September 23, 2016

Mrs. Gordon and I told the children that they are permitted to bring a water bottle to school (as long as it's ok with you); due to the fact that our classroom water fountain is being repaired.

Field trip money to Whitehouse Fruit Farm was due Wednesday. Please return the permission slip and money on MONDAY, if not done so already!

Our story this week in Reading was Miss Bindergarten Takes a Field Trip. We reviewed the popcorn words I, am, little and the. Next week our new words will be TO and A. Our focal skill this week was classify and categorize and we worked on letters T-Z. We made a class book titled WHO AM I? It is already making its way to several of the student's homes, but PLEASE return it the following day. Everyone gets a chance to take our class books home, they are SO proud of themselves for actually being able to read!

Thank you for listening to your child read the poems in their Poetry Journal. Please keep reminding them to point to each word as they read.

In Math this week.... we worked a bit on patterns. Patterns are the underlying theme of all of Mathematics and also a powerful problem solving tool. Early patterning work prepares children to see number patterns later on in their Mathematics Program. Examine and discuss the patterns in and around your home....red, white, red white or large, large, small, large, large, small etc... We also worked on GREATER THAN and LESS THAN, as we work on our five frames. Thanks for turning all homework in on time☺.

We finished up APPLES this week as we discuss Johnny Appleseed and had fun doing apple patterning, and apple crafts. In Religion we are discussing Noah and The Ark.
