

A Peek at Our Week

Mrs. Gilson's Kindergarten

February 10, 2017

I hope you received the handout regarding the book fair project. They do not need to do anything on the inside of the little book; just illustrate a book cover and come up with a title related to camping. Hopefully there will be room at the bottom to writeillustrated by_____.

Our Valentine Party will be held on Tuesday at 12:30. Please have your child bring in a decorated bag or box to put their valentines in. They will need a snack that day, but not a lunch (unless your child does not like pizza).

Our field trip to the Planetarium is coming up soon!! We began discussing the solar system this week☺.

Please check your child's book bag for toys. We would really appreciate if all toys be left at home. The children get SO SAD, if that toy would happen to get lost.

Our story this week was One Little Mouse. Our popcorn words were number words one to five. (Just a reminder that number words one - ten will be assessed the third quarter). Our comprehension skill for the week was sequencing and our phonics focal point was consonant blends! Such a tough skill for 5 and 6 year olds but they are doing great! Thanks for the extra help at home☺. We continue to focus on fluency and "reading like we talk"....please reinforce at home. I hope they are reading a bit every day.....it makes a huge difference!

In Math we are working on "TEEN NUMBERS". We focus on 10, plus how many more give a particular number. We worked on problem solving and story problems as well. They should practice correct formation of these numbers at home also.

In Science we finished up dental health (we will have a dental hygentist come in to speak, at the end of the month!) We began discussing THE SOLAR SYSTEM this week. In Religion we are discussingbeing a friend of Jesus!

HAVE A WONDERFUL WEEKEND!!
