

March, 2017

Dear Parents,

The month of March brings shamrocks, leprechauns and a time of seasonal change. The last snow melts away as signs of Spring appear. Warm winds blow, trees and flowers begin to bud and blossom and the first day of Spring finally arrives. All of this and more is the excitement of March!!!

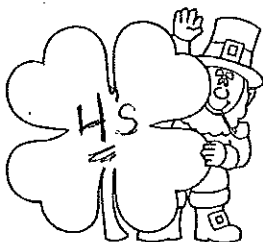

As March got off to a start, we began our Lenten journey. Every Monday at 9:00a.m./1:00p.m. we all gather in the Atrium for a special prayer led by a different teacher each week.

The children have continued on their Alphabet Adventure as "Ms.S" with her super sox introduced us to the letter "Ss." All week long we had fun sounding out letter "S" words and enjoyed gluing them inside a suitcase. We also glued stars onto our S's and counted out 15 strawberries. As the Alphabet friends kept rolling right along and "Mr. R" with his rainbow ribbons introduced us to the letter "R." The children enjoyed cutting out raindrops that had "R" words on them and then glued them onto their paper. The children then counted out and circled 16 raccoons. Last week "Mr. Z" with his zipping zippers introduced us to the letter "Zz." We had lots of fun creating a Zebra by giving him stripes and counting out 17 zig zags.

The following religion lessons have been covered since our previous newsletter. "God Made Color," "God Made Weather," and "God Made Flowers."

St. Patrick's Day is coming soon. We will enjoy making green shamrock milkshakes, as we continue to keep our eyes and ears open for Louie the Leprechaun. He has been known to visit our school. Who knows, maybe he will even join us for our party!!!

Take Care and Have a Happy
St. Patrick's Day

Sincerely,
Mrs. Sebastiani
