

Mrs. Romeo's Three Year Old February Newsletter, 2017

Dear Parents,

WOW, I can't believe it's already the end of February the school year is flying by!!! The month of Feb. we have started reviewing all of our letters, working hard on our Bibles and our World books. As you know we have been traveling around the United States visiting parts of Ohio, Alaska, Hawaii. We will now be visiting Italy. We will be making pizzelles in class in the next two weeks. Our Dramatic Play Center is now set up like a Pizzeria and the children can make their own pretend pizzas. As we left Hawaii, we watched a small amount of "Lilo and Stitch." It was fun hearing the kids talk about some of the things we learned and create as they watched parts of this movie. As we visit Italy we will learn about traditions, food, heritage and language.

As we get ready for our Book Fair the children helped to decorate our Atrium making snakes and bug jars. Our bears and owls are also displayed throughout the building for everyone to see.

As we continue our ABC's of the Bible we will also learn about Lent and ways we can be kind to others and ways we prepare our hearts to celebrate the joy of Easter. We will be reading The Giving Tree and making our own version of the story.

As we move into March we will be moving on to Community Helpers. As we learn about neighborhoods, the community and people who help us in our community, I will ask for volunteers to come in and talk about their jobs with the Children. If any of you are interested in coming in please contact me and we can work out a schedule. You are welcome to make it a "hands on" experience or just a small talk about your job. You can email me tdlanceromeo@yahoo.com or text me or call 330-651-0340. As we explore all of our Community Helpers of course we will learn by investigating with many "hands on" activities.

It is amazing the letters, numbers, shapes and colors that the children have learned since those first days of School. And of course, our Art projects that the children create by themselves help develop much needed fine motor skills and creativity.

I would like to thank the parents for all you do to help your child prepare for School each day and for all of your help in the Classroom it is greatly appreciated!!!

Mrs. Romeo
