

A Peek at Our Week

Mrs. Gilson's Kindergarten

March 17th, 2017

We are all looking forward to our field trip to OH Wow next Friday. Oh Wow sure is a great place....they are always changing and coming up with new activities for the kids.

Thank you again for encouraging your children to keep up with the Reading Logs! Please return these on Monday, then I will send a new one for next week. We are excited to see how many books are Kindergarteners are reading☺.

We enjoyed making Leprechaun Traps today and ohhh...how we tried to catch Mr. Leprechaun! We got into groups and each group drew a design of what we wanted our trap to look like....then we build our traps together. Ask your child what mischief Mr. Leprechaun got into as we were out of the room!!!!

Our story in Reading this week was May Day, May Day. Our popcorn words were a review of color words and our letter this week was the X sound. Our focal skill was CAUSE AND EFFECT. We continue with the short E vowel sound however next week we will be introduce to our last vowel sound....the short U sound as in umbrella. Our new words for next week will be **WHAT, SAID and WAS**. Please add to your list!

In Math this week, we are beginning our Geometry strand of the Kindergarten Curriculum.....Introduction of two dimensional shapes. We will cover all of these shapes including circle, square, triangle, rectangle, and hexagon. We will discuss the vertex, vertices, corners and sides of these shapes.

In Social Studies we are discussing Needs vs. Wants and in Religion we are continuing our discussion of LENT and The Stations of the Cross.

HAVE A WONDERFUL WEEKEND AND A HAPPY ST. PATRICK'S DAY
