

October Newsletter 4's

Fall is here! This is a great time of year for taking walks outside, watching the leaves change and getting ready for Halloween.

This month we are learning the letters P, C, M and O. We are learning our shapes as well as our colors. We are also learning about pumpkins, apples, the weather, seasons and our emotions. In Science we are learning the life cycle and the many uses of a pumpkin. In Religion we're also learning that God wants us to be kind to others as we should share and be kind to all our friends.

The Children are getting use to coming in the room, putting snack in the basket and hanging their back packs in the cubbies. We are adjusting to coming in the room and signing our names on Mondays and Wednesdays, those that are struggling with name writing our getting special one on one help and dots to help them get use to their letters.

We also had fun making our own apples sauce in the classroom everyone had a special part in making it as we learned about measuring, baking tools and parts of the apple.

We are learning some new Halloween songs that I'm sure they have gone home singing them. The Skeleton dance is one of our favorites as we exercise at the end of the day. We have been making lots of Halloween decorations in which the Children will be taking home very soon. The Children are very excited to come to school in our Halloween costumes the day of the Halloween party.

This month we will continue learning about Halloween and we will be reading "The Great Pumpkin Charlie Brown" as well as "The Great Pumpkin Returns." We will enjoy making some special Halloween treats with our own tiny hands, as we are learning so much with our many hands on activities.

Thanking all of you for a great start this year at UPSK!!
